

# Childcare & Teaching

---

The sessions take place all day Wednesday (morning, afternoon or both) and on weekday afternoons during the school term time.

In general, the sessions involve the following activities:

- ▶ Collecting the children from school
- ▶ Supervising snack time
- ▶ Playing games & leading structured activities in English
- ▶ Organising outings & visits (park, zoo, library...)

**Successful candidates will be carefully matched with families based on their experience and unique profiles.**

**At My English Sister, we work with children aged 3 to 16, from complete beginners to fluent bilinguals. Families can choose between engaging English-speaking childcare or fun, immersive English lessons – tailored to their child’s needs!**

## **Childcare**

Employees are expected to take care of the children (school pick-up, snack time) whilst speaking as much English as possible and proposing games and activities in English.

## **Teaching**

Together, with the parents, employees choose a selection of teaching materials (flashcards, activity book, teaching programme) from the online shop and then carry out structured English activities with the children.
